

Irregular Intervals

mabate13@gmail.com

You learned this in kindergarten—Tell me—What time is shown on the clock below?

Answer: ____:____ PM

The solution is upside down on the foot of this page. If you're unsure, consider drawing out your best guess before viewing the solution.

Solution: Keeping the paper in this orientation, look at the clock now. The correct time is 2:30 (either AM or PM works).
